played with at least some distortion. I've only tabbed the verses, since I can't exactly figure out what he's doing during the chorus, but here it goes!

 Intro: / solo

Chorus:
 Well well well
 Oh well
 Well well well
 Oh well

(1st Verse)

I took my loved one out to dinner

so we could get a bite to eat

And though we both had been much thinner

She looked so beautiful I could eat her

(Chorus)
 (Verse 2)
 I took my loved one to a big field

so we could watch the English sky
 We both were nervous feeling guilty
 and neither one of us knew just why

(Chorus) start screaming at the top of your lungs for a few minutes, then

(Solo)

(Chorus)

(Verse 3)
 We sat and talked of revolution
 Just like two liberals in the sun
 We talked of women's liberation
 And how the hell we could get things done

(Chorus)

(Verse 2, again)

I took my loved one to a big field
 so we could watch the English sky
 We both were nervous feeling guilty
 and neither one of us knew just why

(Chorus)

done.
 actually
 just playing a blues scale a few frets down. Practice it for a little while.
 The hardest part is hitting the open 1st string on almost every note. It's a real pain. If anyone can figure out the stuff he does during the chorus, it would be greatly appreciated. I think it's just playing muted and semi-muted strings, but I'm not sure. If anyone has any miscelanious Paul McCartney chords or tabs from 'McCartney' or 'Ram', please send them to me.
