Part 3

Chorus

Intro: I'm writing you to  
catch you up on places I've been  
You held this letter  
probably got excited, but there's nothing else inside it

(2a) Didn't have a camera by my side this time  
Hoping I would see the world with both my eyes  
Maybe I will tell you all about it when I'm  
in the mood to lose my way with words  
Intro: Today skies are painted colors of a cowboy's cliché  
And strange how clouds that look like mountains in the sky  
are next to mountains anyway

(2b) Didn't have a camera by my side this time  
Hoping I would see the world with both my eyes  
Maybe I will tell you all about it when I'm  
in the mood to lose my way  
but let me say  
You should have seen that sunrise with your own eyes  
it brought me back to life  
You'll be with me next time I go outside

I guess you had to be there  
I guess you had to be with me  
(2b) Today I finally overcame  
tryin' to fit the world inside a picture frame  
Maybe I will tell you all about it when I'm in the mood to  
lose my way but let me say  
You should have seen that sunrise with your own eyes  
it brought me back to life  
You'll be with me next time I go outside
