

John Mayer - Assassin

Tom: D

I work in the dead of night, when the roads are quiet,
 And no one is around to track my moves
 Racing the yellow lights to find the gate is open,
 She's waiting in the room. I just step on through
 OHHHHHHH You get in, you get done and then you get gone
 You never leave a trace, or show your face, you get gone
 Should've turned around and left before the sun came up again
 But the sun came up again
 Enter the morning light to find the day is burning
 the curtains and the wine in a little white room
 Though I'm not alone, her head is heavy on me
 She's sleeping like a child
 What could I do

OHHHHHHH You get in, you get done and then you get gone
 You never leave a trace, or show your face, you get gone
 Should've turned around and left before the sun came up again
 But the sun came up again

I was a killer, was the best they'd ever seen
 I'd steal your heart before you ever heard a thing
 I'm an assassin and I had a job to do
 Little did I know that girl was an assassin too
 Suddenly I'm in over my head
 and I can hardly breathe
 Suddenly I'm floating over
 her bed and I feel everything
 Suddenly I know exactly what I did,
 but I can not move a thing
 And suddenly I know exactly what I've done
 And what it's gonna mean to me, mean to me
 I'm gone

I was a killer, was the best they'd ever seen
 I'd steal your heart before you ever heard a thing
 I'm an assassin and I had a job to do
 Little did I know that girl was an assassin too
