

John Mayer - Badge And Gun

Tom: G

(com acordes na forma de Capostrate na 7ª casa C)

give me my badge and gun
 give me the road that i may run
 give me that peaceful, wandering-free i used to know.
 i've waited all i can, but i'm just not a patient man
 man, i've been hiding here for 7 months or so.

hand me down my coat and hat, and grab the winter one at that
 you never know how long i'll be away.

(G C G G C A7 G D G)

give me my badge and gun
 give me the songs that i once sung
 give me those jet black, kick-back, lay down nights alone
 (those lay down nights alone)
 this house is safe and warm
 but i was made to chase the storm

taking the whole world on with big ol' empty arms.

tell my friends i tried my best
 that one day i just up and left
 they probably saw it coming anyway(what can i say)
 hey, hey.

(C F C G G F D7 C G C)
 (ooo's)

the lock is on the cellar door
 i can't remember what it's for
 i ain't been down those stairs in oh so long
 so, so long.

give me my badge and gun
 give me the road that i must run
 give me that peaceful, wandering-free i used to know
 a copy of your key is hanging where it used to be
 good as you've always been to me
 the life i need to lead
 is somewhere out there calling over those hills
