Intro: D G D G

[Primeira Parte]

It's a hard run
 Loving like we do
 Takes way too long to get over you
 And remember the line we drew
 But call me over and I'm coming through

[Refrão]

We're searching for the night together
 Where we don't fall apart
 Might be now and it might be never
 It's just another shot in the dark
 It's just another shot in the dark

[Segunda Parte]

And I wonder what it all means
 Strange conversation with you in my dreams
 And I don't know what I'm gonna do
 I've loved seven other women and they all were you

[Refrão]

We had a run of bad romances

They always missed the mark
 So close your eyes and take your chances
 It's just another shot in the dark
 It's just another shot in the dark

(D G Bm A)

I want you in the worst way
 Is the gate code still your birthday?

(G)

[Refrão]

If you thought you met your Casanova
 And he left you with a broken heart
 Remember when it's done and over
 It was only just a shot in the dark
 It was only just a shot in the dark
 It's just another shot in the dark
 It's just another shot in the dark, come on now

[Final]

It's just another (It was just another)
 It's just another (It was just another)
 It's just another (It was just another)
 It's just another It was just
 Another now

[Final] G A D
