

# John Mayer - Tracing

Tom: D

Intro: D2

D2

Do you ever get the feeling

That we started in the middle

Or have you ever had the sense

That we've been lying just a little

I mean come on

It's not like we've known ourselves that long

(G7 G ) 2x

And I can't say I really blame you

For being bored with the beginning

Always staring at the score

Just to figure out who's barely winning

But don't you know

There is a reason strong, move slow

(G7 G ) 2x

And I'm okay

If you're okay with

Wasting time

But when you trace

You always see the bottom line

We are tracing

I hope you know

We are tracing

D2

And if you want to know the moment

I knew that I was still alone

I found I never learned your number

I only stored it in my phone

You'd think by now

I'd know the shape of calling home

(G7 G ) 2x

And I'm okay

If you're okay with

Wasting time

But when you trace

You always see the bottom line

We are tracing

I hope you know

We are tracing

We're both alone

We are tracing

We are tracing

(Em A7 )

Do you ever get the feeling

That we started in the middle

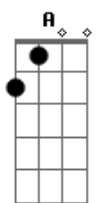

Or have you ever had the sense

That we've been lying just a little

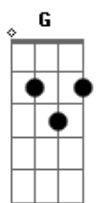

I mean come on

It's not like we've known ourselves that long
