

John Mayer - Tracing

Tom: D
Intro: D2

D2
Do you ever get the feeling

That we started in the middle
Or have you ever had the sense

That we've been lying just a little
I mean come on

It's not like we've known ourselves that long
(G7 G) 2x

D2
And I can't say I really blame you
For being bored with the beginning

Always staring at the score
Just to figure out who's barely winning

But don't you know
There is a reason strong, move slow
(G7 G) 2x

D
And I'm okay
If you're okay with

Wasting time
But when you trace

You always see the bottom line

D2
We are tracing
I hope you know

We are tracing
We're both alone

D2
We are tracing
We are tracing

(Em A7)

D2
Do you ever get the feeling

That we started in the middle
Or have you ever had the sense

That we've been lying just a little
I mean come on

It's not like we've known ourselves that long

And if you want to know the moment

I knew that I was still alone
I found I never learned your number

I only stored it in my phone
You'd think by now

I'd know the shape of calling home
(G7 G) 2x

D
And I'm okay
If you're okay with

Wasting time
But when you trace

You always see the bottom line

D2
We are tracing
I hope you know

We are tracing
We're both alone

D2
We are tracing
We are tracing

(Em A7)
