And in all my broken dreams G A Bm7
                                                                                                                                                    Sometimes it's because, God is good
That God in all His mercy
Is looking out for me
                                                                                                                                                    I've been desperate (Cause God is Good)
Pré-Refrão:
                                                                                                                                                    I've been broken (Cause God is Good)
Cause in the heart of a man
                                                                                                                                                    And I've been humble (Cause God is Good)
He makes his plans
                                                                                                                                                   But never forsaken (Cause God is Good)
But the Lord directs his steps
                                                                                                                                                                                   D2
