

Johnny Cash - Beans For Breakfast

tom:
 E
 I couldn't hear you for the tv B
 I didn't know you said goodbye E
 I saw your cancelled check for the airfare A
 didn't know flyin' got too high B
 Beans for breakfast once again B
 hard to eat 'em from the can E
 I've run out of clean utensils A
 I'm a hungry, nasty lonesome man B E
 E B
 I heard the crows outside my window
 guess it's me they're talkin' about E
 The fire you lit has burnt to cinders A
 every good thing's fizzled out B
 Beans for breakfast once again B
 hard to eat 'em from the can E
 Wish you'd come back and wash the dishes A
 I'm a hungry, nasty lonesome man B E
 E B
 Caught a cold with the window open
 crow droppings on my window sill E

Probably got histoplasmosis A
 got no gun or I would kill them crows B
 Beans for breakfast once again B
 hard to eat 'em from the can E
 Plastic forks are a dime a dozen A
 I'm a hungry, nasty lonesome man B E
 E B
 Finally made it to the mailbox
 felt so bad I thought I'd die E
 All I got was a bill from my doctor A
 well I guess flyin' ain't so high B
 Beans for breakfast once again B
 hard to eat 'em from the can E
 Blue tick mattress cold and greasy A
 I'm a hungry, nasty lonesome man B E
 E
 The house burned down from the fire that I built
 In your closet by mistake after I took all them pills A
 But I got out safe in my duck head overalls B
 Beans for breakfast once again B
 I'm a hungry, nasty lonesome man E
