

# Johnny Cash - Dinosaur Song

Tom: D

(intro) D G A D

D G  
 Dinosaurs lived a long time ago  
 A they were terrible lizards, don't you know?  
 D Some ate plants and some ate meat,  
 A some ate fish and some ate beasts.

D G  
 A One was called Diplodocus,  
 one was bigger than your school bus,  
 D one was called a Triceratops,  
 A three horns to stop anything that hops.

D G  
 A Now, can't you just see yourself walking along,  
 leading your pet Trachadon?

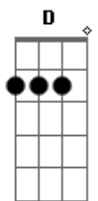

D G  
 Or feeding your Brontosaurus Rex,  
 A or scratching your Diplodocus' neck?

D G  
 Or riding on a Stegosaurus' back,  
 A or swimming in a Brachiosaurus' track?  
 D Oh, what a time, and, oh, what fun,  
 A play and tag with your Iguanodon!

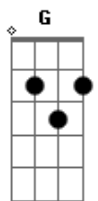

D G  
 A And if we had Dinosaurs now,  
 could they get along with a horse and a cow?  
 D Well, I wish they hadn't of become extinct,  
 A Dinosaurs would be nice pets and friends  
 to have around to run outside  
 and play with every day, don't you think?
