

# Johnny Cash - Don't Know Where I'm Bound

Tom: A

I don't know where I'm bound

I don't know where I'm bound

Whistles calling me away

leaving at the break of day and

I don't know where I'm bound

Can't stand locks, bars or doors  
mean cops insanity and wars  
Gotta find a place of peace  
Till then much travellin' on seas  
but I don't know where I'm bound

There's gotta be a place for me  
under some green growing tree  
clear cool water running by  
an unfettered view of the sky

but I don't know where I'm bound

When I die don't bury me  
cause then I must be free  
cremate my body with a grin  
throw my ashes to the wind  
cause I don't know where I'm bound

I don't know where I'm bound

I don't know where I'm bound

Whistles calling me away

leaving at the break of day and

I don't know where I'm bound

Got myself a little gall  
she has been a damn right pall  
that ol' highway's calling me  
and free I gotta be but  
I don't know where I'm bound
