

# Johnny Cash - Fools Hall Of Fame

Tom: C

Well, if i live to be a hundred  
 I know i cant forget the day  
 That i broke the heart you gave me and let you walk away  
 Thats when they hung my name in the fools hall of fame

Oh baby since we`ve been apart i cant console my heart  
 It cries the whole night long  
 oh did i ever make you see the change you`ve made in me  
 Oh baby let me tell you i was wrong

Oh honey say that youll forgive me

And let me in this misery  
 Cause i know i keep on crying  
 Till youll come back to me

Dont leave me here in shame, in the fools hall of fame

Oh baby since we`ve been apart i cant console my heart  
 It cries and cries the whole night long  
 oh can i ever make you see the change you`ve made in me  
 Oh baby let me tell you i was wrong

Oh honey say that youll forgive me  
 And let me in this misery  
 Cause i know i keep on crying  
 Till youll come back to me  
 Dont leave me here in shame, in the fools hall of fame  
 Dont leave me here in shame, in the fools hall of fame

Listen to the song to get the right rythmn, and to sing it right.
