

# Johnny Cash - I Hardly Ever Sing Beer Drinking Songs

Tom: C

I hardly ever sing beer drinking songs  
 And when they play them cheatin' tunes I never sing along  
 I never ever sing the blues I've forgotten born to lose  
 And I hardly ever sing beer drinking songs  
 I hardly ever walk the floor and cry  
 And I don't think I've ever said I feel like I could die  
 I don't ever lay awake I never think my heart will break  
 I hardly ever walk the floor and cry  
 I hardly ever sing beer drinking songs  
 I can't put much feeling in saying love is all gone wrong

I don't lose no sleep at night cause things with you are going right  
 And I hardly ever sing beer drinking songs

Piano break

I never call your name out in my sleep  
 You never make me worry and you never make me weep  
 I never wonder if you're true I spend a night curled up with you  
 And I never call your name out in my sleep

I hardly ever sing beer drinking songs  
 And when they play them cheatin' tunes I never sing along  
 I never ever sing the blues I've forgotten born to lose  
 And I hardly ever sing beer drinking songs
