

Johnny Cash - I'm Alright Now

Tom: D

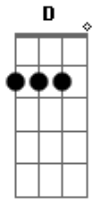

I've been a rambler, I've been a gambler
 I've been in trouble a time or two
 I've know a lot of good lookin women
 But Lord I bless the day that I found you
 I'm alright now (alright now) I'm alright now (alright now)

I've been ridin on the devil's train but I got off somehow
 I'm alright now (alright now) I'm alright now (alright now)
 Gabriel let your trumpet blow I'm alright now

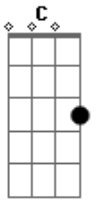

I've been demented, been discontented
 I've been in jail, pretty close to hell
 I've been frisky, on sippin whiskey yeah
 And I've done a few other things that I'll never tell

CHORUS (3x)

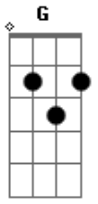

Acordes
