

Johnny Cash - I'm Leaving Now

Tom: D

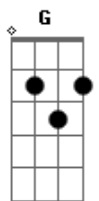

Hold on honey I'd like to say
 I'm busted out and breakin' away
 I'm lettin' you go like hot horse shoe
 I can't take another heartache from you
 Think about how its gonna be
 When you start back to needin' me
 When your dancin' shoes have lost their shine
 I'm gonna be gone and I'm
 I'm Leaving Now
 I'm Leaving Now
 Get outta my face get and outta my place
 I'm Leaving Now adios I'm Leaving Now.
 And the time will come when we'll trim the fat
 Feed the kitchen scraps to the front seat cat
 Bye bye baby when the bills come through
 You may have to give up with a jewel or two
 Eat your heart out, any way
 Its hot as your head and colder than clay
 Its all over now you don't have me
 Your sugar daddy or you money tree.
 I'm Leaving Now

I'm Leaving Now
 Get outta my space get and outta my face
 I'm Leaving Now hey hey, I'm Leaving Now.
 Pull up the collar on the travelin' coat
 Sell that miserable pleasure boat
 I wouldn't give a nickel for another buck
 I'm livin' on muscle guts and luck
 If anybody asks were did I go
 Tell 'em I went where the wilders go
 I won't even have me an area code
 Don't have a number don't need a road.
 I'm Leaving Now (me too)
 I'm Leaving Now
 Get outta my face get and outta my space
 I'm Leaving Now adios I'm Leaving Now.
 I'm Leaving Now
 I'm Leaving Now
 Get outta my space get and outta my face
 I'm Leaving Now adios I'm Leaving Now.
