

Johnny Cash - I'm a Long Way From Home

Tom: D

I'm a long way from home
And so all alone
Homesick, like I never thought I'd be

I'm a long way from home
And everything is wrong
Someone please watch over me

I'm not accustomed to these feelings
The loneliness is burning in my soul
Sometimes the mind is so misleading
I wish I'd stayed at home like I was told
