

Johnny Cash - Wabash Cannonball

Tom: D

From the great atlantic ocean to the wide pacific shore
 She climbs the flowery mountains over the hills and by the shores
 She mighty tall and handsome she's known quite well by all
 She's a regular combination on the wabash cannonball

Listen to the jingle the rumble and the rore
 As she glides along the woodlands over the hills and by the shores
 The mighty rush of the engine hears those lonesome hobbos call
 Travelin through the jungle on the wabash cannonball

Well she came down from Birmingham one cold september day
 As she pulled into the station you could hear all the people say
 She's from Tennessee she's long and she's tall
 She came down form Birmingham on the wabash cannonball

Sing Chorus

Heres the daddy blacksman may his name forever stand
 And always be remembered in the courts throughout the land
 His earthly race is over and the curtains round and tall
 They'll carry him home to Dixie on the wabash cannonball
