

Johnny Flynn - Silver Song

```
Tom: Bb
Intro: Bb
I awoke that day in the afternoon
   Eb
And my bed was in a basket
Underneath the blue balloon
Then a swarm of moths surrounded me
      Fb
And my hair was standing on its end
With electricity
And as I looked down on my whole life
I was speeding through the forest
On a motorbike
 Bb
I waved to you
  Gm
But you couldn't see
    Eb
I could hear a crowd of people
Calling after me
Refrão:
          D
Wake up little dreamer
 Bb G
It's time to rise
    Ebm
Open up your eyes
   Ebm F
Open up your eyes
    Ebm
```

```
Open up your eyes
Verso:
          Rh
I've been holding out for a lifeline
Till I followed you
To the depths of my own mind
         Bb
I've been wondering kinda scattershot
     Eb
Bumping into other people's lives
Without a second thought
Now I do believe in the mystical
      Eb
That we have some vague connection
To the other world
     Bb
And now what I've said
      Gm
May not all be true
       Fh
But this silver song I sing tonight
I swear it's just for you
Refrão:
Fb
Wake up little dreamer
    Bb G
It's time to rise
   Ebm
Open up your eyes
   Ebm F
Open up your eyes
  Ebm F
Open up your eyes
```
