D             Bm7
When my head is full of questions
Em7               A
And the sky is full of rain
D            Bm7         Em7      A
When I'm worrying about what I can't change
D             Bm7
I take a look at my reflection
Em7              A
