

# Jojo - Can't Believe It

Tom: B

(intro)

B

This track makes  
me feel so...good  
Better then I  
would by myself or  
If I was with anybody else  
We make the people

B Abm  
say yeah, yeah...uhh

(verse 1)

You wanna put me in a palace

All the way down in Dallas

When you whisper in my ear  
Make a phantom just

appear like magic Mhmm...

You wanna take me from my mom's house

To a Cambridge town house

Louis purses to collect  
Put some diamonds on my neck

Is that what you about boy...

(refrain 1)

You think I look good

So you work your game

Talkin' bout shiny little planes  
And a bunch of finer things

No thanks, poquito

Brought me in the back  
So we can have a conversation

I just need a little meditation

To think about you and me

(refrão)

Oh, I cant believe it

Ooh ooh he all on me, on me  
I, I, I think he

want me, want me

To be his one and only Yeah

Oh, I cant believe it

Ooh ooh he all on me, on me

I, I, I think he

want me, want me

To be his one and only Yeah

Hmm...yeah

(post refrão)

If you really want it,  
Let me hear you

say yeah...yeah...yeah

If you didnt know  
We make the people

say yeah...yeah...yeah

(verse 2)

Tryna buy me out the mall

Throw your paper on it all

Wrapped in Dolce&Gabbana

And come over when you

wanna get involved, no

You're so sexy  
(sexy, sexy)

But its hard to get me  
(get me, get me)

Boy I wanna know your  
heart and your mind

Not just your pedigree

Hmm...

(refrain 2)

But you look so good

So I wanna get to know you

Maybe dinner or a  
walk through the city

Baby just us two Mhmm

Boy I know you're focused  
and I dig your concentration

I just need a little demonstration

Talkin' bout you and me

(refrão)

## Acordes
