

Jolie Holland - I Wanna Die

tom:

G

I wanna die A
 D I wanna die A
 E Down south Louisiana
 D And the gray evening sky A

A I wanna die
 D I don't care how A
 E I'm getting out
 E Down south Louisiana
 D And the lonesome highway sound A

A Well there's a cajun lady
 D Down in New Orleans
 E There's a cajun lady
 D And I saw her in my dream A

A Well if I'd held her in my arms, girls
 D Oh and if I'd held her in my arms A
 E Our friendly love
 D Might have kept my heart from harm A
 A But I'm out here on this road, girls
 D And I'm out here on the road A
 E And I'm just a poor girl
 D And I ain't got a home A

A And I wanna die
 D I don't care how A

I'm getting out
 E Down south Louisiana
 D And the lonesome highway sound A

A Oh I ain't got a home, girls
 D And I ain't got a home A
 A And it's through this world I ramble
 D And it's through this world I roam A

A Well, it's through this world I ramble
 D And as through this world I roam A
 E I'm just a poor girl
 D And I ain't got a home A

A And I wanna die
 D I wanna die A
 E Down south Louisiana
 D And the gray evening sky A

A Well I wanna die
 D I don't care how
 E I'm getting out
 E Down south Louisiana
 D And the lonesome highway sound A
