Ab

A penny for your thoughts now baby

Looks like the weight of the world's on your shoulders now

Eb

I know you think you're going crazy

Just when it seems everything's gonna work itself out

Eb

They drive you right back down

They say it ain't fair that a man walks, when a bird can fly

We have to kick the ground, the stars kiss the sky

They say that spirits live, a man has to die

They promised us truth, now they're giving us lies

Chorus:

Eb

Gonna take a miracle to save us this time

And your savior has just left town

Gonna need a miracle 'cause it's all on the line

And I won't let you down (No I won't let you down)

The river of your hope is flooding

And I know the dam is busting

If you need me I'll come running

I won't let you down... no, no

You're looking for salvation

You thought that it'd be shining like an angel's light

Well, the angels left this nation

And salvation caught the last train out tonight

He lost one hell of a fight

He said "I'm just one man, that's all I'll ever be

I never can be everything you wanted from me

I've got plans so big that any blind man could see

I'm standing in the river now I'm drowning in the sea"

Chorus:

Gonna take a miracle to save us this time

And your savior has just left town

Gonna need a miracle 'cause your heart's on the line

And your heartbeat is slowing down (heartbeat slowing)

Your feet are grounded still, you're reaching for the sky

You can let 'em clip your wings

'Cause you believe that you can fly

Solo: Ab Eb Ab

Well my eyes have seen the horror of the coming of the flood

I've driven deep the thorny crown into the soul of someone's son

Still I'll look you in the eye cause I've believed in things I've

thought and I'll die without regret for the wars I have fought

Chorus:

Gonna take a miracle to save us this time

And your savior has just left town

Gonna need a miracle 'cause your heart's doing time

And your conscience is calling you out (conscience calling)

It ain't all for nothing, life ain't written in the sand

I know the tide is coming

But it's time we made a stand

With a miracle

Gonna take a miracle

I need a miracle

I need a miracle

I need a miracle

I miracle

Miracle...
