Tom: G

```
    Em                  Am
Sorry if i let you down
Em              Am
I'm tired of causing a commotion
Em            Am          G
This time is not only fine with me
           C                G
It's a solution to the problem

Em                      Am
I'm sorry if i let you down
Em              Am
I couldn't just tell it like i saw it
Em               Am                      G   C
It took a while for things to look clear to me

Em                      Am
I'm sorry if i let you down
Em            Am
This was no simple resolution
Em             Am           G
I hope that comes a day you can see
         C
This was meant to happen
                    A
I'm just a human being
                  C
But i'm living in a dream
                          A
Nothing is really what it seems
                       Em
This is just a side of me

I'm doing whatever makes me happy

Em                    Am              G
Why would you let the past be history

Em                  Am
I'm sorry if i let you down
Em              Am
This was no simple resolution
