         Bm
Let me tell you how it happened
         Gbm                    A      E
I wasn't looking for someone that night
              Bm
No, I was never a believer
                Gbm                  A      E
That you could fall in love at the first sight

               Bm
But all of a sudden
                     A
(We loved and got lost in the moment)
           Gbm
All of a sudden
                  A              E
(She's gone in the flash of a light)
           Bm    D
I never was looking, hmm
        Gbm                 A      E
I'll be looking for the rest of my life

Bm
We took a Polaroid
D
You signed your name upon it
Gbm
I put it in my wallet
A         E              Bm
Hoping I'd see your face again
Bm
We took a Polaroid
D
Captured the look in your eyes
Gbm
It's only a matter of time
A              Bm
Before it starts fading

( Bm D Gbm A E )

         Bm          D
Was it my imagination?
            Gbm                    A   E
I could've swore I saw someone like you
            Bm                 D
A thousand people at the station
            Gbm                 A   E
And in a second, you slipped out of view

               Bm
Then all of a sudden
                     A
(I loved and got lost in the moment)
