Lyrics:

I'm waiting for you right outside  
 The place we first locked eyes  
 (Oh..)  
 I feel like we're both loosing sight  
 We don't get to do this twice

And I wonder...

Will you care  
 When I'm gone  
 And it's done  
 And I've really had enough  
 And I'm sorry  
 For the trouble  
 Thats been costing us so much  
 Splitting apart, its getting harder to tell what you want  
 So bored with these games, games

The last time that I left these steps  
 Was after our first kiss  
 I wonder why you haven't shown  
 I'll be leaving here alone  
 And I wonder...

Will you care  
 When I'm gone  
 And it's done  
 And I've really had enough  
 And I'm sorry  
 For the trouble  
 Thats been costing us so much  
 Splitting apart, its getting harder to tell what you want  
 So bored with these games, games

I'm left in the dark  
 I never thought you would be breaking my heart  
 I'm so bored with these games, games

Will you care  
 When I'm gone  
 And it's done  
 And I've really had enough  
 And I'm sorry  
 For the trouble  
 Thats been costing us so much  
 Splitting apart, its getting harder to tell what you want  
 So bored with these games, games
