

Jonas Brothers - Montana Sky

tom:

G

[Primeira Parte]

I've got friends in different places
 They throw parties in the basement and get high
 Got distractions by the river in Virginia
 That could take up all my time
 But it's all just thunder in the smoke
 A
 Seen the world

You're still the one I want to go

[Refrão]

Montana skies, Georgia sunsets
 You're the one walkin' in my head
 Montana skies, Georgia sunsets
 You're the one walkin' in my head
 Long, long New York nights out with my friends
 All I see is your silhouette
 Oh, Montana skies, Georgia sunsets
 A
 You're the one, you're the one walkin' in my head

[Segunda Parte]

I got brothers in their thirties back in Jersey
 But your heart is where I'm home, yeah
 I could fill up all my glasses, maybe move to Calabasas
 Say I'd rather be alone
 Em
 But it's all just thunder in the smoke
 A
