

Jonas Marques Albuquerque - Estação Das Flores

tom:

Intro: E E C B B7

As flores anunciam

A nova estação

Os campos tão bonitos

Floridos vão ficar até chegar o verão

Primavera traz as flores

E as cores alegres

O perfume tão suave

Das flores silvestres

[Solo] E Dbm B E B
E Ab B E Ab B7

Os passarinhos cantam

Já podem festejar

Entrou a primavera

É tempo de alegria, o dia lindo está

Primavera traz as flores

E as cores alegres

O perfume tão suave

Das flores silvestres

Tão bonitos são os campos

Assim coloridos

Passarinhos voam sobre

Os campos floridos

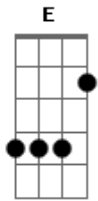

Vento vem pra semear

As sementes das flores

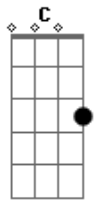

Harmonia, perfeição

Entre todas as cores
