

Jordan Feliz - Witness

tom:
 Dm (forma dos acordes no tom de Am)
 Capotraste na 5ª casa

I was blinded, you gave me eyes to see

I was going under you reached out to me

No, there's nothing you won't do, to pick me up

And pull me through

Every hour, 8 days a week, yeah

Your love is like a fountain, it'll never run

Dry, it'll never run dry

Your love is moving mountains, every day of my

Life, every day of my life

Can I get a witness?

Oh, oh oh oh, Hallelujah

Oh, oh oh oh, Hallelujah

We want glory, but can't measure up

We try money, but don't get enough

We fill our sky with fading lights, trying to

Guide us through the night

But you're the one thing that'll carry us

Because your love is like a fountain, it'll

Never run dry, it'll never run dry

Your love is moving mountains, every day of my

Life, every day of my life

Can I get a witness?

Oh, oh oh oh, Hallelujah

Oh, oh oh oh, Hallelujah

(F G Am)
 (F G Am)

So much love, so much grace, come on now

Can I get a witness?

Somebody, in this place, come on now

Can I get a witness?

So much love, so much grace, come on now

Can I get a witness?

Somebody, in this place, come on now

Can I get a witness?

Ooo ooo ooo oh yeah

Because your love is like a fountain, it'll

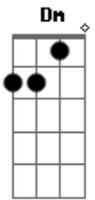

Never run dry, it'll never run dry

Your love is moving mountains, every day of my

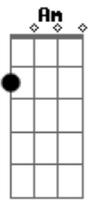

Life, every day of my life

Can I get a witness?
