

Jorge Menezes - Tonight

Tom: D

I don't know
 If the sunset will
 Help me
 To get it
 Do you think so?
 This lonely man
 Walking in the city
 But the city
 Is unknow
 But he really don't care
 Tonight
 She will sleep without a body beside her
 Tonight
 She will think if his love was really true

She will think if his love was really true
 Tonight
 This car needs to run
 Faraway to home
 It don't belongs here anymore
 I'm sit right here
 Just waiting for the moment
 To go home
 But i won't stand up
 Tonight
 She will sleep without a body beside her
 Tonight
 She will think if his love was really true
 Tonight
