 Ela une todas as coisas

Como eu poderia explicar?

Um doce mistério de rio

Com a transparência de um mar

Ela une todas as coisas

Quantos elementos vão lá

Sentimento fundo de água

Com toda leveza do ar

Ela está em todas as coisas

Até no vazio que me dá

Quando vejo a tarde cair

E ela não está

Talvez ela saiba de cor

Tudo que eu preciso sentir

Pedra preciosa de olhar

Ela só precisa existir

Para me completar

Ela une o mar com o meu olhar

Ela só precisa existir para me completar

Ela une o mar com o meu olhar

Ela só precisa existir para me completar
