

# Jorge Vercillo - Fenômenos da Natureza

Tom: G

(Jorge Vercillo)  
Intod.: ( G C )

A nascente de um sentimento

não escolhe lugar nem momento

pra surgir e suas águas claras fluir

como um rio que nasce no fundo de mim.

Tua voz me tomando por dentro

é a vazante do meu sofrimento

e a retina não desagua mais por sofrer

se a enchente do meu pensamento é você

na regência das luas em mim  
 teu amor correnteza sem fim  
 são fenômenos da natureza agindo em nós.

Teu cabelo perfumando o vento

primavera bem antes do tempo

tua pele de fruta tem cheiro de flor

e eu que ontem vivia os invernos do amor

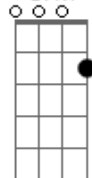

hoje colho um outono de paz

amanhã um verão de calor

são fenômenos da natureza em nós.
