

# Jorja Smith - Let Me Down

Tom: G

Intro: Em G D C

Em G D  
Sometimes, I wouldn't mind if I was less important  
C Em  
Would you think about them all the time?  
G D C  
Wonder if you'll even notice in the morning  
Em G  
So where'd you go when you can't get to me  
D C  
And you just can't control?  
Em G D  
Sometimes, I wouldn't mind if I was less important

G Am Em C  
But I've got you to let me down  
G Am Em C  
I've got you to let me down  
G Am Em C  
Only you can understand why  
G Am Em Bm  
I've got you to let me down

Em  
Yeah, yo, it's like  
G  
You've got me, I'm pondering that  
D  
Said, "I'll be back in a sec, I need to reflect"  
C  
But you swear it's been longer than that  
Em  
Time is golden, time is thin  
G  
But time is rare, so we squander and that  
D  
I feel your pain when I hear your voice  
C  
So fix your tone, man, you're stronger than that  
Em  
And you're, like, the strongest girl I know  
G  
Probably the strongest, minus my mum  
D  
Don't go wasting your loving on me  
C  
When I see tears run, I'm likely to run  
Em

So girl, don't love me, I mean it

G  
When I say I love you, I mean it

D  
And it's mad cuh I choose to be distant

C  
But it's fucked cuh I know what a queen is  
So why do I?

G Am Em  
But I've got you to let me down

C  
Why do you let me down? Why do you let me down, down, down?

G Am Em  
I've got you to let me down  
Sometimes, your world spins 'round

C  
But you never had a king 'til now

G Am Em  
Only you can understand why  
Yeah, girl, do you understand

C  
Why these feelings never come to plan?

G Am  
I've got you to let me down

Em Am C  
I'm never gonna let you down, I'm never gonna let you down

C D  
Yeah, I tried, but I just can't give you up

Em Gbm  
Wonder why is it that I'm not good enough?

G Am Bm  
Some kind of hold over me

G Am Em  
I've got you to let me down

G  
I've got you, you've got me, I've got you

G Am Em  
But I've got you to let me down

G Am  
If I let you down, will you self-destruct?

G Am Em  
Only you, only you can understand why

C  
Only you can understand

G  
That I've got you to let me down
