Soulmate, until the end of time your my soulmate  
I'll love you till I get to heaven's gate  
And if I go first sweetheart, I'll wait  
Cause I know I'll never find another soul mate

Gb B Db7 Gb  
Your love, there's no tellin where I'd be without your love  
Stumblin in the dark would be pretty rough  
When I get down your the one that lifts me up  
I thank the Lord above for your love

In this day in time the right one's hard to find
