I'm not surprised you didn't call

When I almost died, you didn't care at all

Mama said you can't be mad at who you wish somebody was

Well, I'm not surprised you didn't call

[Refrão]

I guess I got used to it

You kiss me till I forgive

You're coverin' up all your sins

I blame it on us being kids

I guess you had me convinced

It's my mind that's playing tricks

After all that you did, I won't admit it's you I miss

I guess I got used to it

I guess I got, I guess I got used to it

[Segunda Parte]

You told our friends you hope it hurts

You left me for him with one eye over your shoulder

You stabbed me in the back, now I'm the one who's saying sorry again

You told our friends you're glad it hurts

[Refrão]

I guess I got used to it

You kiss me 'til I forgive

Em

You're coverin' up all your sins

I blame it on us being kids

I guess you had me convinced

It's my mind that's playing tricks

After all that you did, I won't admit it's you I miss

I guess I got used to it

I guess I got, I guess I got

[Ponte]

Tommy asked why I'm not mad

But you're the only love I've had

And I won't say what I can't take back, no

You did things I can't forgive

And mercy don't always make sense

And I'm the one who let you in again

I can't be mad I let you treat me like that

Oh I guess I got used to it

[Refrão]

I guess I got used to it

You kiss me 'til I forgive

You're coverin' up all your sins

I blame it on us being kids

I guess you had me convinced

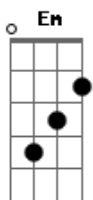

It's my mind that's playing tricks

After all that you did, I won't admit it's you I miss

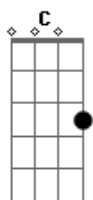

I guess I got used to it

I guess I got, I guess I got used to it
