

Joss Stone - Don't Know How

Tom: **B**
Intro: **Bbm**

Bbm
You caught my eye
And out of nowhere you appeared
By surprise and it's not like me but certainly, I
Ebm **Bbm**
I heard myself calling for you

Bbm
Could it be fate
I'm feeling butterflies
And I can't escape

And it's like a rush that's coming over me **Ebm**
Bbm
The sight of you just takes me away

[Chorus]
Bbm
Boy you're so fine
And I wanna tell ya so
I'm much too shy

Ebm
Wanna make you mine
Bbm
But I don't know how

Bbm
Got so much time
Your attitude, everything
You make me smile

Ebm
Think I'm falling in deep for no reason why
Bbm
I can't help myself yeah yeah

Bbm
Friends think I'm wrong
For being head over heels
I should be strong

Ebm
Should I stay and deal with it
Bbm
Or should I just let go

[Chorus (extended):]
Bbm
Feeling crazy my heart beats racing now
I can't fight it

Ebm
Got to make you mine
Bbm
But I don't know how

Bbm
Baby let me know what's up now
Ya got to show me some how, how you feel

Ebm
Cause I can't take it no more

Bbm
I really need to know what's good with you boy

[Chorus (extended)]

Acordes
