

Joss Stone - Molly Town

Tom: Eb

Intro Cm Bb Cm (2X)

Cm
I met this boy in Molly town
He said a boom, a boom, boom, boom
He said he'd like to buy my round
I said ok, but you can't buy me baby
You look just like my favourite sound
So I stay alalala
Asking if I was allowed to come and play
The rest is history
What is a girl like me to do-u-u
Not for a second I can leave you-u-u
Been here a month and I know your smile-u-u
My heart is thinking I'll stay a while-u-u-u-u
Cm
The weeks went on and the months fell out
Of my way, what can I sing about it
You swore you'd always be around
If I stay, so I'm staying
I hold my plans to the god of fate
And all he say was boom, boom, boom
You're the point to the love I found
In a way, don't think I'm crazy
What is a girl like me to do-u-u
Not for a second I can leave you-u-u
Been here a month and I know your smile-u-u
My heart is thinking I'll stay a while-u-u-u-u
