

# Journey - Dont Be Down On Me Baby

Tom: A

I dont know why, theres an open flame  
 Burning in the game, its me you blame  
 I cant deny, it was a crime  
 If you would let me try  
 Maybe youd change your mind

Dont be down on me baby  
 Down on me girl  
 I get lost sometimes  
 In my crazy world

Those little things, you said i do  
 Well they might be true  
 Tell me what good does it do...  
 When things go wrong, im the first you blame  
 I try another way  
 Still someones gotta pay

Solo: E C D

Dont be down on me baby  
 Cause i love you  
 Cause i need you
