

Journey - Turn Down The World Tonight

Tom: A

^A
Caught up in the living... getting through each day

When all your tomorrows become faded yesterdays

^D
Are you slipping away

^A
Blinded by schedules... rushing here and there

Become strangers to each other... I miss you everywhere

^D
How did we get this way

^E ^D
When the loneliness becomes too much to bear

^A
Help me turn down the world tonight

^D
Take a quiet moment somewhere we can unwind

^{Gbm}
Losing touch... we forget to take time to share what's in our hearts

^E
Speak what's on our minds

^{Dbm} ^D
In the silence hear your heartbeat next to mine
^{Bm} ^D ^E ^A
Baby help me turn down the world tonight

^A
So much information streaming at us fast

What I really need to know is if we can make it last

^D
I wanna keep you close

^A
We make commitments... take responsibility

Why do we let them come between you and me

^D
That's when I miss you most

^E ^D
We gotta take this night... knowing our love won't wait

^{Bm} ^D ^E
Before our moment is gone... baby say it's not too late

^{Dbm} ^D
Far beyond the noise with your body next to mine

^{Bm} ^D ^E ^A
Won't you help me turn down the world tonight
