

JOWNI - Water

tom:

Gbm

Its getting hard to say goodbye

Even though you made me cry

Broken promises and lies

But you wouldn't even justify

Felt your heart turn cold

Never felt so low

How'd I fall for you?

Cause I wish you could be like water

I wish you could be like water

Wish u could be clear like water

So I could see through you

Cause I don't wanna be just another

No I don't wanna be like the others

I wish you could be clear like water

So I could see through you

So I can take part of the blame

But you won't ever do the same

Are you even worth the pain

Or should I just run away

Felt your heart turn cold

Never felt so low

How'd I fall for you?

Cause I wish you could be like water

I wish you could be like water

Wish u could be clear like water

So I could see through you

Cause I don't wanna be just another

No I don't wanna be like the others

I wish you could be clear like water

So I could see through you

Just be clear with me

An tell me what you're thinking

Cause you're hard to figure out

An it's filling me with doubt

Now I'm fading into the crowd

I wish you could be like water

I wish you could be like water

I wish you could be like water

So I can see the real you

Cause I don't wanna be just another

No I don't wanna be like the others

I wish you could be clear like water

So I could see through you

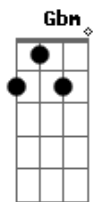

Just be clear with me

Just be clear with me

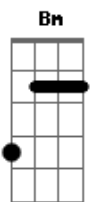

Be clear with me

So I can't see
