

# JP Cooper - Closer

Tom: G

Don't you know i wish i was closer?  
 I'd be watching over,  
 And if you're too small to see  
 I'll lift you on my shoulders  
 If you're feeling low, i'll hold you  
  
 I wanna be there in the morning  
 So i'm working through the night  
 And i'll be smiling into your name  
 When you're robbing those brown eyes  
 And if you'll ever leave me, call me  
 I wanna make sure you're alright  
 I don't wanna be so far from home  
 You know you're daddy little soldier  
 And your mother's handsome knight  
 No, don't you worry about darkness  
 'Cause you're carrying the light!  
 And those shadows fall when you're around!  
  
 Don't you know i wish i was closer?

I'd be watching over  
 And if you're too small to see  
 I'll lift you on my shoulders  
 If you're feeling low, i'll hold you  
  
 I want you close to me like sun birds on the trees  
 'Cause when you're close to me my worries flee from me  
 'Cause when i'm with you my feet don't touch the ground  
  
 No, i'm not a king but when i'm with you i feel like i'm  
 wearing a crown  
 For you i sing, for you i sing  
 For you i sing  
  
 Don't you know i wish i was closer?  
 I'd be watching over  
 And if you're too small to see  
 I'll lift you on my shoulders  
 If you're feeling low, i'll hold you  
  
 Don't you know i wish i was closer?  
 I'd be watching over
