Intro:  F   G

           C
I was distracted and in traffic
             Am
I didn't feel it when the earthquake happened
                          F
But it really got me thinkin', were you out drinkin'?
                   G
Were you in the living room, chillin' watchin' television?
          C
It's been a year now, think I've figured out how
             Am
How to let you go and let communication die out

F      G          Am      G
I know, you know, we know you weren't
 F
Down for forever and it's fine
 F      G          Am      G
I know, you know, we know we weren't
 F
Meant for each other and it's fine

                                     F
But if the world was ending you'd come over, right?
              G
You'd come over and you'd stay the night
                         C
Would you love me for the hell of it?
                  Am
All our fears would be irrelevant
                                 F
If the world was ending you'd come over right?
             G
The sky'd be falling and I'd hold you tight
                    C
And there wouldn't be a reason why
             Am
We would even have to say goodbye
                              F            G
If the world was ending you'd come over, right? Right?
                             C        Am
If the world was ending you'd come over, right? Right?

           C
I tried to imagine your reaction
          Am
It didn't scare me when the earthquake happened
                       F
But it really got me thinkin', that night we went drinkin'
              G
Stumbled in the house and didn't make it past the kitchen
              C
Ah, it's been a year now, think I've figured out how
                   Am
How to think about you without it rippin' my heart out
```

All our fears would be irrelevant
                                     F
If the world was ending you'd come over, right?
                 G
The sky'd be falling while I'd hold you tight
                    C
No there wouldn't be a reason why
                 Am
We would even have to say goodbye
                        F            G
If the world was ending you'd come over, right?

You'd come over, you'd come over, you'd come over, right?

Hmm, yeah if the world was ending you'd come over, right?
