You know I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

You know I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

Hey, my life is real great, feel I'm well on my way to my dreams coming true and I'm getting to do with you

And it feels so nice when the people sing along, they're singing along with the banjo

But I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

You know I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

And one day we might have a big house with nice cars and fancy clothes and a wife with a big ol' diamond ring

Cause the people they dancing along, they dancing along to the mando' and some sort of hip-hop beat

But I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

I'm waking up

I'm waking up

I'm waking up

I'm waking up

I'm waking up

I'm waking up

But I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

And I'd take it all back, take it all back, take it all back

I'd take it all back just to have you

Hey, my life is real great, feel I'm well on my way to my dreams coming true and I'm getting to do with you
