Lyrics:

Full moon is rising
 The sky is black
 I need your call I'm coming back
 The road is straight cast
 Wind's in my eyes
 The engine roars between my thighs

>From desert plains I bring you love
 >From desert plains I bring you love

Wild mountain thunder
 Echoes my quest
 My body aches but I'll not rest
 Quartz light to guide me
 Till sunrise leads
 My passion screams, my heart it bleeds

>From desert plains I bring you love
 >From desert plains I bring you love

Then in the distance
 I see you stand
 On the horizon you raise your hand
 In burning rubber
 I end my quest
 You fall into my arms at last
 >From desert plains I bring you love
 >From desert plains I bring you love
