Intro: ~~~~~ [PM] [PM] [PM]

~~~~~ ~~~

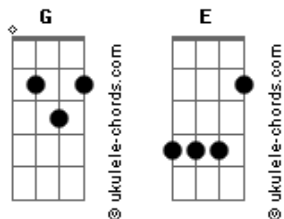

Main Riff

~~[PM] [PM][PM]

This version of the main riff appears halfway through the verse.

[PM]

Acordes

Chorus

~~

Backing for 1st guitar solo

Play this riff under the end of the 1st guitar solo. Hold the **E** chord to start the heavy interlude.

Heavy Interlude

End of heavy interlude
PO

Back to main riff and chorus.

The outro is just the 1st guitar solo backing with some crazy trem bar soloing.
At the very end hold the **G** chord for a dramatic pause then crash on the **E** chord.
