natural harmonic

Tr = trill

You say yes  
(tipton/halford/downing)

Say you want to rip it up  
Paint the town red  
Wanna do the hot spots  
Get it in the head  
You drive me crazy  
I know your game  
You done it all before  
You'll do it all again

You say yes, i say no

My blood's on fire  
I grit my teeth  
You're nothin' but a teaser  
Gimme some relief  
I'm lookin' at the bottle  
Sinkin' to the floor  
I gotta white knuckles  
Can't take it anymore

You say yes, i say no

What do you treat me so  
What i do, i do for you
