= artificial harmonic
X = ghost note

ps = pick scrape
% = repeat phrase
letostak@ix.netcom.com
natural harmonic

Tr = trill

You say yes
(tipton/halford/downing)

Say you want to rip it up
Paint the town red
Wanna do the hot spots
Get it in the head
You drive me crazy
I know your game
You done it all before
You'll do it all again

You say yes, i say no

My blood's on fire
I grit my teeth
You're nothin' but a teaser
Gimme some relief
I'm lookin' at the bottle
Sinkin' to the floor
I gotta white knuckles
Can't take it anymore

You say yes, i say no

What do you treat me so
What i do, i do for you
