

Juice Wrld - Can't Die

tom: C

Sometimes it feels like I can't die

'Cause I never was alive

Every day it feels like someone new dies

Hope the news is a lie

This is my version of watching you cry

Looking you in your eyes

This is my version of watching you die

Took me by surprise

Yeah

Lost too many this year

Shed too many of them tears

Now a nigga richer

But there's way too many people missing from the picture

At the door, let me in, I'm looking for answers, yeah, yeah

At the door, let me in, I'm looking for answers, yeah, yeah

Now I'm getting richer

But it's too many people missing from the picture

Open up the door, yeah, yeah (Open up the door, yeah, yeah)

Let me in (In)

Sometimes it feels like I can't die

'Cause I never was alive

Every day it feels like someone new dies

Hope the news is a lie

This is my version of watching you cry

Looking you in your eyes
