But sometimes I come out as bein' nothin'

Maybe one day I?ma stand for somethin'
I'm thankin' God that he made you part of the plan
I guess I ain't go through all that Hell for nothin'
I'm always fuckin' up and wreckin' shit, it seems like I perfected it

You tell me ain?t nobody better than me
I think that there's better than me
Hope you see the better in me
Always end up betterin? me

[Refrão]

This type of love don't always come and go

We take drugs then you hold me close
Then I tell you how you make me whole
Sometimes I feel you like bein' alone
Then you tell me that I shoulda stayed in the room

My mistakes prolly wipe all the rights I've done

Head up, baby stay strong, we gon' live long
