

# JuJube - Don't Wanna Love

tom:

Intro: Bm A G  
Bm A G

I'm sitting here alone  
Crying on the floor  
Living through another lie you've told  
I can't bear my broken soul

You played me for a fool  
And I knew the game  
You were never really on my side  
I can't get you off my mind

I don't wanna think  
I don't wanna feel a thing  
'Cause you just tore my heart apart

And I am bleeding  
I don't wanna love you anymore

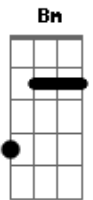

I just need a drink  
Till I can't feel a thing  
'Cause you just tore my heart apart

And I don't need this  
I don't wanna love you anymore

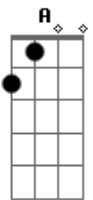

( Bm A G )  
( Bm A G )

I always feel the cold  
When you're lying here

In the bed we always stay apart  
Now I know the reasons why

I don't wanna think  
I don't wanna feel a thing  
'Cause you just tore my heart apart

And I am bleeding  
I don't wanna love you anymore

I just need a drink  
Till I can't feel a thing  
'Cause you just tore my heart apart

And I don't need this  
I don't wanna love you anymore

You took the best in me  
And still I wonder how

How I ever let you win  
You broke the trust in me

Tried to turn me into you  
But I will never be like you

I don't wanna think  
I don't wanna feel a thing  
'Cause you just tore my heart apart

And I am bleeding  
I don't wanna love you anymore
