

Juke Ross - Higher

tom:

Am
Steadily down the road, tryna reach where we going

F
Underneath I've been cold, but your vibe, it keeps me warm

Am G
Not bleeding anymore, feel my feet moving forward

F
Not fighting anymore, can you stay till the morn'?

Am G
One, two, three, the time goes by, rivers flowing down the line

Em F
Will we try or will we fade, looking back on yesterday?

Am G
We can dance and we can sail into seas for holy grails

Em F
If we crash in like the waves I'd do it anyway

Am G Em
Can you take me higher?

Higher than I've ever been, throw my world right in your fire
